

Over the years we have enjoyed the membership support of many companies from the area such as these from our last programme before Covid...

Now we are restarting our activities it would be great to catch up with old friends and new. We are a friendly group and visitors are very welcome to just turn up at one of our meetings free of charge to see what we have to offer.

New Committee Members always welcome.

It's a great way to give something back to the profession and your community....

Welcome to this, our Restart Programme in which AOSH will seek to build back from the devastation of the global pandemic and continue to promote better Health and Safety through regular networking in the region as we had for 75 years beforehand.

As you will see overleaf, we have some amazing speakers lined up and all willing to share their expert knowledge with us on a wide variety of topics. We hope this will prove of interest to a number of staff within our member companies and organisations and to enable everyone to share in the very best of Best of Practice. Our ongoing aim is to appeal to as broad an audience as possible, but we cannot spread the word without your help. So please, don't keep AOSH and our new Programme a secret; spread the word to anyone you think may benefit from attending just one meeting or even better to becoming a member...

AVON OCCUPATIONAL SAFETY & HEALTH GROUP

A Special Thank You

When we had to hastily shut up shop and potentially bring an end to 75 years of good work, many of our members were kind enough to leave their fees with us. We have used that money along with our reserves to put this programme together and hopefully secure a future for the group. Hopefully there is still enough interest in friendly face to face events in the region to enable us to continue.
